

**2010 General Shale Brick  
Atlantic Sun Basketball Championships  
Dolphins Dolphins vs. UNF Ospreys, March 3, 2010, First Round**

**Jacksonville Dolphins Quotes**

**Ben Smith**

*General thoughts:*

“You can’t win three games unless you win the first game. We look at this win tonight as a step in the right direction we know we play Friday and we are focusing on preparing ourselves. We will practice tomorrow go over our potential opponents, scout and then we will be ready to play on Friday.”

*What it takes to get to the finals:*

“The biggest thing is that this is only one game. After tonight you have to let this game go and get ready for your next opponent.

*Continued success against UNF:*

“I play the same way against every team, the ball just happens to bounce my way against them[UNF]. It’s just high energy and effort.”

*What is coach going to say in practice tomorrow?:*

“Finish the game and identify personnel. We need to stay at home with the shooters and quit leaving people who can make shots.”

**UNF Quotes**

**Head Coach Matthew Driscoll**

*Opening Statements:*

“First of all, I want to thank God for allowing us this opportunity to be at the University of North Florida. I took this job to play in this tournament to win championships, not to finish whatever it is that we finished. I am proud of the fact that guys were a true seventh this year and that we weren’t a team that was down below teams that couldn’t play in the tournament. I am proud of our guys’ effort down the stretch. It is very hard for us to come back. We are not a comeback team. We have never been a comeback team.”

“We were down 19 with 10:34 to go and we cut it to four with a less than a minute. So obviously we fought hard and we tried to come back in the game.”

“Ben Smith and Colbert are very good seniors and they put this team on their back, like they said in the paper today. To their credit they did exactly what they wanted to do and to our credit we fought hard.”

**Eni Cuka:**

*On his senior season:*

“Of course I am not satisfied. We did not get the win, but I want to thank the guys. I had a great year, it was a special year we built a great bond together and we are a family. I got a lot out of this season and I just want to thank the coaches and all my teammates.”
