

**2011 General Shale Brick
Atlantic Sun Men's Basketball Championship
University Center: March 2, 2011**

Quote Sheet: No. 2 Stetson 65, No. 7 Kennesaw State 47

STETSON:

Head Coach Lynn Bria - *Opening statement*

"We are happy that we won even though we won ugly. I thought defensively we did a great job for 40 minutes, I thought our defense was outstanding. I think offensively we had different people step up because Victoria had a tough game, but different people stepped up and I think the person sitting next to me (Brown) was a key piece to us winning."

Tierra Brown - *On her outside shot, going five-for-five from three-point territory*

"I think the shot felt good tonight and I think getting out in transition really helped get me some open looks and helped me get going."

Coach Bria - *On this team and if they have the make-up to win a Championship*

"I think we have the pieces to do it because we have a good inside and outside game. I think we just as good a shot as anybody else and we have put ourselves in a position to do it because of our regular season. We have a day off tomorrow and certainly that is an advantage compared to teams who have to play three games in a row to win it. I think it can be anybody's tournament and I think anyone can be in the final game, but we have got to get our next one. That is the one we're worried about and we are going to need Victoria McGowan to come around for us to do that, but we have to do what we have been doing and just execute at a high level."

KENNESAW STATE

Head Coach Colby Tilley - *Opening statement*

"Obviously we just couldn't get it going offensively tonight, that was due partly to Stetson's great defense and when we had open shots they just wouldn't go to give us a chance to stay close. When you shoot 26 percent from the floor there are not going to be many nights you are going to win and I think that was the turning point. We did a good job defensively overall, but offensively we just couldn't get it going."

Coach Tilley - *On the way the first half ended and hopes on carrying over momentum into second half*

"I actually thought it might change momentum a little bit. We wanted to cut it to 10 at halftime thinking that would be a good spot to be in considering how poorly we had shot the ball in the first half. We came out in the second half and had two great opportunities to cut it to five, but just couldn't do it. From there we just kept playing catch up, every time we got close we would make a mistake here make a mistake there and they would take advantage of it. You can't afford to make too many of those and expect to win."

Sametria Gideon - *Did Stetson do anything different tonight from the first two times you played them*

"They just have really good guards and we knew if we didn't stop their guards we knew we were doomed. They just have really good players on their team and our shots just weren't falling for us tonight and that just hurt us."
